Parental consent form

This form explains the reasons why and how St. Elizabeth's Catholic Primary School may use your family data. Please read the form thoroughly and outline your agreement as appropriate. Please note, that each child in a family will require their own consent form.

Why do we need your consent?

St. Elizabeth's Catholic Primary School requests the consent of parents to use data for a variety of different purposes. The GDPR declaration and consent forms will be retained in the pupil file and remain valid for the duration of time that your child remains in school.

Without your consent, the school will not use your family data for the activities named below. Similarly, if there are only certain conditions under which you would like data of your child to be used, the school will abide by the conditions you outline in this form.

Should parents at a later time wish to make any change or withdraw any consent given, please contact the school office to request a new consent form.

Why do you we use your family data?

Photographs and images

St. Elizabeth's Catholic Primary School uses images and videos of pupils as part of school displays to celebrate school life and pupils' achievements; to promote the school on social media and on the school's website; and for other publicity purposes in printed publications, such as newspapers.

Where the school uses images of individual pupils, the name of the pupil **will not** be disclosed. Where an individual pupil is named in a written publication, a photograph of the pupil **will not** be used to accompany the text unless explicit consent has been gained from the parent for that specific purpose.

St. Elizabeth's Catholic Primary School may take images or videos of individual pupils and groups of pupils to use on social media, the school website, in school prospectuses and other printed publications, such as a newsletter.

Who else uses images and videos of your child?

Occasionally the school is visited by local media and press, who take images of school events, such as sports days. Pupils will appear in these images and videos where consent has been granted below, and these may be published in local or national newspapers, or on approved websites. The following organisations may use images and videos of your children:

- Tamworth Herald
- Academy Photography or other Photographic Company (schools photographs)

Where any organisations other than those above intend to use images or videos of your child, additional consent will be sought before any image or video is used.
