

Mrs Michelle Walsh – Headteacher

13th November 2020

This week we have commemorated Remembrance day by having a minute of silence on Wednesday and making poppies. All of our pupils showed great respect and reflection. You will be able to see our poppies displayed as you walk around the school path.

Social distancing As cases of covid continue to rise in Tamworth, please ensure we all follow social distancing rules whilst on the school site and when waiting outside the school gates. If we all follow the rules, we have the best chance of keeping everyone safe. Thank you.

Bikeability Congratulations to our Y5 pupils who have been undertaking bikeability this week. This course involved them learning to ride safely in the local community and will hopefully help keep them safe when they are out on their bikes. I am delighted to say that all children received a certificate to demonstrate their understanding and the vast majority met the expected standard. Well done Y5.

Shoe Box Appeal Thank you to those families who have already filled a shoe box with small gifts for the Samaritan's purse appeal. Please ensure that all boxes are in school by 16th November for collection. Thank you.

Parentapp This week, you have received information about the most up-to-date parent app. Please ensure you have this downloaded so you receive school communication in a timely manner.

Prayer of the month

During this month of November, let us think about family members we may have lost. *'Eternal rest grant unto them, O Lord, and let perpetual light shine upon them. May their souls and the souls of all the faithful departed, through the mercy of God, rest in peace. Amen.'*

Remote Learning Being away from school can be very detrimental to our children's education. However, in the current climate, some pupils are having to self-isolate due to Covid reasons even when they are not ill themselves. In these circumstances, we are setting work for pupils via Google classroom. In order to do this effectively, it is essential that we know what technology is available to pupils so we can assist where needed.
